The city of Valmiera awaits you less than an hour’s drive from the Latvian-Estonian border. In the ancient Hanseatic city of Valmiera, families with children will find exciting activities for everyone – creative workshops, opportunities to observe animals, wakeboard training, solving tricky tasks, horses, cycling, trails in the trees and hundreds of other adventures.

1. **The Park of Senses by the Gauja River Steep Banks** offer activities for children of all ages and adults alike. The 2 km barefoot trail provides an opportunity to enjoy a unique foot massage by experiencing various types of trail surface and finally refreshing your feet in special deep herb baths. The Trail in the Trees, located 5-8 meters above the ground, requires you to overcome various obstacles and balancing elements. Conclude your visit with four thrilling cable rides over the Gauja River (650 meters). The Swiss “Saferoller” system provides additional safety for the track.

   **Points of Interest**

   1. **Gauja River Tram** offers rides from the Kazu Rapids to the Narrow-Gauge Railway Bridge from May to October. During the ride the captain will tell you about the objects of interest that are visible from the side of the river, as well as stories about the city and the Gauja River. The ride lasts 45 minutes. Public rides and scheduled group rides are available.

   2. **The view tower of the Valmiera St. Simon’s Church** has a beautiful view of the Valmiera City panorama. Before climbing the tower, children and their parents can listen to stories about the church in audio format, as well as take a virtual tour. It is also possible to book a guide for visiting the church. Tours are available in Latvian and Russian as well.
4. The escape room “Timemachine 1961” is a fascinating adventure for the entire family. By solving various logic, attention and creativity tasks, participants of the game must escape the year 1961 and return to our time within one hour. The escape game is perfect for families with school-age children.

5. Cinema “Gaisma” shows animation films for children and comedies and adventure films for older visitors. Films are also shown in 3D format. You can purchase snacks and drinks from the cinema ticket office before the show.

6. During an educational tour of the “Valmiermuižas alus” (Valmiermuiža Craft Brewery), parents can discover how natural ingredients are used to make natural and traditional beer. At the end of the tour, adults can taste varieties of beer, while children can enjoy different non-alcoholic drinks and healthy snacks. There is a playground for kids at the Valmiermuiža Manor garden. The tour takes 1.5 to 2 hours.

7. During a visit to the Valmiermuiža Stable, both grown-ups and children are welcome enjoy a horse or pony ride through the Valmiermuiža Manor garden or its surroundings. During the tour you can hear many interesting stories about the animals who live in the stable.

8. At leisure complex “Avoti”, children can play mini golf or find six secrets in a natural trail-maze “School of Trees”. Older children and parents can try a special rock climbing wall or be thrown in the air by a catapult. The entire family can visit the BMX Hall of Fame – a museum and BMX track where the two-time BMX cycling Olympic champion Māris Štrombergs used to train.

9. Families are welcome to visit the Beverina wooden sculpture mazes and park with its 370 wooden sculptures, 60 fun activities, movement and large format intellectual games. Children and parents can visit FIVE different mazes; however one of them is only appropriate for parents and adults. The park is open from May to October.

Families are welcome to visit the Beverina wooden sculpture mazes and park with its 370 wooden sculptures, 60 fun activities, movement and large format intellectual games. Children and parents can visit FIVE different mazes; however one of them is only appropriate for parents and adults. The park is open from May to October.
10. Leisure complex “Mazais Ansis” has various wooden sculptures and fun activities for children. There is a squirrel house located outside. After the visit we invite families for dinner at the pub, where a special playground is available for the youngest visitors.

11. Wake park “Rancho Parks” is the tallest two-tower wakeboard park in the Baltic States (236 meters) with six structures where grown-ups and children can enjoy inflatable water attractions and water balls. You can also rent equipment. Everyone will be provided with life jackets during activities on water.

12. Enjoy breathtaking landscapes on the banks of the Gauja River next to Sietiniezis! It is the largest exposed white sandstone rock in the Baltic States – 15 meters high and 400 meters wide. A nature trail is set up at the rock where you can take walks and view the beautiful scenery. Viewing platforms, stairs and banisters have been installed for your safety along the entire walk. Campfire and picnic places have been set up with toilets and a parking lot for your comfort.

13. The owner of the Joviality academy “Nu, liela muiža!” Jānis will treat you with stories and presentations of how oak-wood barrels were made 100 years ago. Families with children can test their strength in making barrels. You can end your visit by enjoying the special offer – “Cookie ball in the barrels”.

14. Viks’ Fairy-tale Park has various wooden sculptures that represent characters from the fairy-tales of the Latvian author Viks. There are also open-air exercising machines next to the park where anyone can enjoy a good workout.

15. Vaidava Ceramics offers families an opportunity to learn about the path of the red Latvian clay from the depths of the earth to its transformation into exquisite pottery. Parents and children can make pottery with their own hands. The pottery masters will then bake the creations and send them to the visitors as souvenirs. You can buy ceramics on the spot.
16. During the hot summer months, visitors can refresh themselves in the **Vaidava Lake beach**. If the weather is good, the **Valmiermuiža summer house** will be open, offering various refreshing drinks and tasty snacks. We also recommend activities in the waters of the Vaidava Lake using boats or oar-boards of “VaidavEži”.

17. **Polygon #1 Valmiera** is a military team game where you can participate in a simulation of a battle using laser weapons. The goal is to neutralize the opponent with a laser shot. There are various types of games. The laser weapons are safe, players do not experience any pain during the game and their clothing does not get stained.

18. In the **rabbit farm “Trusīšu mājas”**, families can see different breeds of rabbits and test their skills in spinning angora wool. On the way home you can purchase wool and fur products. The farm is open from May to October.

19. In the **world of bees “Medus kāre”** you can hear stories about the life of bees and the world of the busy insects in bee-gardens and hives, as well as watch a film on the subject. Grown-ups and children can participate in honey tasting, enjoy the variety of Latvian honey, as well as cast their own wax candles. Picnic and camping spots are available.

20. The **“Vildēni” farm** is a true paradise for fans of mini zoos! In this farm you can find the black ostriches from North Africa, exotic birds, ducks, peacocks, turkeys, Shetland ponies, goats, chicken of more than 20 different breeds and even flying squirrels! The farm is open from June to September.

21. The **“Jaunjercēni” farm** provides the chance of learning about different domestic animals – ducks, pheasants, quail, beavers, pygmy goats and rabbits. The farm offers commercial fishing in carp and trout ponds. The farm is open from June.

22. During a visit to the **“Adzelvieši” farm** you can learn how hemp is grown and examine the ancient hemp cultivation instruments. Families are welcome to take part in the work. After learning new skills everyone is welcome to taste the result, as well as purchase some of the produce.
