WHAT ARE THE HOME CAFE DAYS?

When the virtue of doing something meets the joy of life and respect for nature, a special synergy arises, which we want to share with others. We invite you to experience this at the Home Cafe Days, which will take place in Valmiera Region on August 2 and 3.

- ♦ Home Cafe Days is an initiative where anyone interested is invited to become a chef, by opening a cafe in the yard of their home, bringing home-cooked food to the table, revealing its special story, as well as supplementing the offer with various activities, such as a concert, games, master classes, a farm tour, offering to purchase homemade and prepared things, delicacies and much more.
- ♦ The purpose of the Home Cafe Days is to promote regional tourism destinations, promote community collaboration, and highlight the special, regionally specific stories in gastronomic tourism.
- ♦ Home Cafe Days in Latvia will be held for the sixth year, taking the idea from Estonia. The initiative is organized by the Investment and Development Agency of Latvia in cooperation with the LLTA "Lauku ceļotājs" and Latvian regional municipalities.
- ♦ These will be the fifth Home Cafe Days held in Valmiera Region.
- ♦ Before visiting, please check which day the cafe is open and whether a reservation is required. **Please make a reservation in advance at the cafes marked with an * symbol on this map!**

The locations of the Home Cafe Days participants can be found on the last pages of the brochure or on the interactive map:
