VISIT VALMIERA.

IN COOPERATION WITH "LAMB CLUB"

During Restaurant Week, each restaurant highlights one of its partners—a local business or producer from Valmiera Region whose products are given a special place on the carefully selected menu.

"Ahh-Meat" is more than a café to us—it is our family story, into which we have poured our work, dreams and hearts. We started at a time when things were not easy, but we believed in ourselves and in our ability to create a place where people could enjoy not only delicious food, but also warmth and comfort. Our greatest reward is seeing guests return again and again—because then we know we have created something more than just food. We chose the "Lamb Club" farm as our partner because quality local produce and trustworthy people matter to us. We especially value their workmanship, responsiveness and personal approach. We want to create something together that we can be proud of and confidently offer our guests, so our menu will spotlight LAMB from this farm.

Visit "Lamb Club" near Mazsalaca and discover how much care, knowledge and love it takes to raise a healthy flock and turn everyday farm work into a heartfelt countryside experience!
