VISIT VALMIERA.

IN COOPERATION WITH "GREDZENMUIŽA"

During Restaurant Week, each restaurant highlights one of its partners—a local business or producer from Valmiera Region whose products are given a special place on the carefully selected menu.

"Rātes Vārti"—a place where Valmiera comes together around the table! Family values at our restaurant are rooted in a love of food, where every bite has a story. We want you to know where the ingredients we serve come from. Good food begins in the soil—with people who grow, nurture and prepare it with their own hands.

Near Lake Burtnieks, where mornings are peaceful and dew still rests on the grass, lies the "Gredzenmuiža" farm, run by Dace and Jorens, where daily life moves to the rhythm of the goats! Every goat has a name, and the owners know that only a calm, well-cared-for goat gives the best milk. Every product is made with heart and genuine respect for the animals and the land.

That is why this autumn, together with "Gredzenmuiža", we will serve delicious GOAT'S MILK products. Autumn has a rustic character of its own—a time to take a breath and enjoy something wholesome and pure. Goat's milk products bring both lightness and character to the table.

We believe the best food begins where genuine care and love for what you do reside! Visit "Gredzenmuiža" in Burtnieki Parish for a tasting or masterclass, and you'll see how much work goes into a single glass of milk made with love.
